Your Angel Died

Immolation

Angel of beauty Angel of the spirit Come down and walk among us Let the spirit die within you Shed your ties to God Shed your holy grace Come down and walk among us Be tempted b the flesh

Denounce he who keeps you Turn away from his light Let your eyes feast upon The debauchery that awaits Indulge in your desires Taste the fruits of sin Angel of the spirit Become one of the flesh

I will tempt you Child of light Show your weakness Child of God

Revolted by it's weakness So easily corrupted Let us plague you with perversion You've become what you abhorrupted seen of humanity

I will tempt you child of light Show your weakness child of sin
