Immortal

Music: Abbath / Demonaz

Lyrics: Demonaz

Arctic wintery worlds in mind  
Possessed forever  
By the chains of time  
Beastly crafts comes with the snow  
We bring the coming  
Of our demonstorm  
Mountains  
On highest mountains we stand  
Valleys in the deep valleys we dwell  
Demonside  
Hallstones flay the skin of earth  
Demonize  
Until entropys victory in ensured  
Stealers of dawn  
Pale wraiths of the arctic swarm  
Cover the sun  
Storms are what we breathe  
Arctic wintery worlds in mind  
Possessed forever  
By the chains of time  
Beastly crafts comes with the snow  
We bring the coming  
Of our demonstorm  
Mountains  
On highest mountains we stand  
Valleys in the deep valleys we dwell  
Demonside  
Hallstones flay the skin of earth  
Demonize  
Until entropys victory in ensured
