

The Rise of Darkness

Immortal

The rising moon so bleak and old
Its darkened grin poisons my soul
Mist pledges the darkness
I ride this night - lustful with pride
The lurking mist appears out here
Breaths of evil fire through the snow
This cloudless night smells of fear
Keep my soul - dark and cold
The rise of darkness in my sight
Black forces bound to the moon
Shadows creep under my skin
Smell of fear - darkness is here
All evil lurk under bleak skies
Undead and restless are their souls
Hatred lust aligned by the signs
Blackened night - darkness rise
Burning eyes watching upon me
From the dark haunting side
Caught between mighty winds
Kingdom of evil find
Demonic in this realm
I haunt marked by the sign
Caught between mighty winds
Kingdom of evil find
From the woods I see the rise of darkness
In its deeps I'm on the other side
From the woods I see the rise of darkness
In its craft I'm on the other side
