

Sunday

Imodium

Sunday every night
still waiting for my love
so you cannot be a child
as well yeah

Sunday every day
you make me feel like
I'm frozen in time
please you cannot be that wild
right now

You are in ym head - look info my face
I'm boring and I'm dead
please give me a last chance

You are in my head, I wanna have you there forever
You are in my head we'll unlock too many doors
You are in my head, I wanna feel you there forever
You are in my, you are in my Heart
