

## Candlelight

Imogen Heap

I am alone, surrounded by  
The colour blue  
Inside a poem, the only  
Words I ever knew  
Washing my hands, of the  
Many years untold  
For now I am banned, my  
Future is to unfold

Would you take my  
Candlelight  
Would you take my  
Candlelight  
Would you take  
My candlelight  
Away from me

I am blind  
My eyes  
Are  
Covered  
From  
The  
Outside  
For I have lied, now all  
There is left for me  
To do is hide  
Take in a deep  
Breath, I lift  
My head  
For I am a new man  
And I arise from my bed

This is all there is, I can see that now  
I have to be careful with it, now it's been found  
So fragile, but powerful, this is the light  
Of my destiny stay with me, through every night
