

Hostis Humani Generis

Impaled Nazarene

Eternal quest for enlightenment
Rapture is what you keep looking for
Here mentality controlled by idiots

You are like a human version of hemorrhoids
If you choke one, three more pop up
Blindly believing brainwashed retards
Hostis humani generis, that is what you are

Deny every possible science proven fact
Rewrite fairytales, modernize them
Cross your fingers that sheep will eat them up

You are like a human version of hemorrhoids
If you choke one, three more pop up
Blindly believing brainwashed retards
Hostis humani generis, just fucking die

Fuck off and die!
