

## Pathological Hunger for Violence

Impaled Nazarene

I need no reasons to let off steam  
Yet I have my reasons for every kill  
Blunt force trauma, multiple stab wounds  
A bullet in the chest and four into the head

Concrete boots and electroshocks  
I use zip ties and meat hooks  
Coat hanger abortions, thou shalt not breed  
Smashed skulls and carved skin

Pathological hunger for  
Murder, pain and torture  
Enter the realm of death

Pathological hunger for  
Rape, hate and violence  
Enter the realm of death
