

# Eyes Of An Angel

Impellitteri

Lying on the floor from a shot in the heart  
Spinning from the lies and a life in the dark  
Messing with my mind, I could barely see  
Just another lesson that I did not need

Then the sky just opened up and she was standing there  
All my fears just turned to hope again

She's got the Eyes of an Angel ( Eyes )  
Lifting me higher than I ever dreamed  
Eyes of an Angel ( Angel )  
Taking ma places that I never knew  
She's got the Eyes of an Angel ( Eyes )  
Lost in your heaven, can this be true?  
Eyes of an Angel ( Angel )  
Finding the reason to believe again

Now my world can open up because she is standing there  
All my fears just turned to hope again

She's got the Eyes of an Angel ( Eyes )  
Lifting me higher than I ever dreamed  
Eyes of an Angel ( Angel )  
Taking ma places that I never knew  
She's got the Eyes of an Angel ( Eyes )  
Lost in your heaven, can this be true?  
Eyes of an Angel ( Angel )  
Finding the reason to believe again
