

## Warrior

Impellitteri

I could see the city lights  
Then they turned to black  
Then I heard a sirens crying sounding out ATTACK!  
I could see the rockets glare  
Shooting in the night  
Everyone was praying for their lives

Am I dreaming  
I don't believe it  
Am I wrong or right  
Then I heard a voice say in the night

I'm a warrior, take my hand!  
Let me lead you to the promised land  
I'm a warrior, take my hand!  
I'm a soldier under his command

Then I saw this blinding light  
I heard a sonic boom  
I could feel the earth shake in the doom

I couldn't see him  
But I could feel him  
Lift me to the sky  
I could hear the voice that saved my life

I'm a warrior, take my hand!  
Let me lead you to the promised land  
I'm a warrior, take my hand!  
I'm a soldier under his command

Am I dreaming  
I don't believe it  
Am I wrong or right  
Then I heard a voice say in the night

I'm a warrior, take my hand!  
Let me lead you to the promised land  
I'm a warrior, take my hand!  
I'm a soldier under his command

I'm a warrior  
Take my hand!
