

# Hollow Man

Imperanon

I followed the path, leading to wrath  
There was loss to see, all meant to be

[Clean voice:] Eyes closed, I walk the miles  
Drown myself in the sea of lies

Life ripped apart, so spare no-one  
Forsaken, I became unknown to some

[Clean voice:] All my life,  
All my lie  
I had a reason, now you can  
See right through me

That's who I am  
That's who I am,  
What I was and will be  
Is this Hollow Man

In a moment, I left the sands  
Clenching my blackened hands  
Raging the road to my enemies
