

## Surface

### Imperative Reaction

So I gave up on trying to find a way  
To an answer that doesn't exist  
Barred in by the silence  
Constrained to my abyss  
And you say "There's always a way out of this maze  
You just have to find it"  
You say "It's just a matter of time until - "  
But I don't believe it

There's no way to surface now  
The strain is far too strong to take  
From this prison there is no escape

So I gave up on trying to find a way  
Through an exit that I sealed shut  
Locked into the silence  
Poisoned by the rust  
And you say "There's always a way out of this maze  
You just have to find it"  
You say "It's just a matter of time until - "  
But I don't believe it

There's no way to surface now  
The strain is far too strong to take  
From this prison there is no escape

There's no way to surface now  
The strain is far too strong to take  
From this prison there is no escape

So quiet now  
The waves drown out what once was loud  
And I don't recall  
The sound anymore

There's no way to surface now  
The strain is far too strong to take  
From this prison there is no escape

There's no way to surface now  
The strain is far too strong to take  
From this prison there is no escape

There is no escape...
