

Baby

Imperial Teen

Shake, shake
Va-va-voom, vis-a-vis
Go, go
I do you, you do me
Take, take
I call you sugarfree
Slow, slow
I love you, you love me

Shake, shake
Go, go
Take, take
Slow, slow

And I can't take any calls
I'm watching sun spots on the walls
I'll never be your baby doll
Dig a hole, chase a ball

I love Baby
Baby is a dog
What's up, maybe
Baby is a god
I've got Baby hot for rabies
Yes, no, maybe to bringing up Baby

Twist, twist
Do-si-do, vis-a-vis
Low, low
Hold your breath, I can breathe
High, high
Take a photo of me
Coco
Keep your head up, Baby

Who are you? I can't recall
I'd rather be at the mall
In a robe and a platinum fall
I'm so thin, I'm so tall

I love Baby
Baby is a dog
What's up, maybe
Baby is a god
I've got Baby hot for rabies
Yes, no, maybe to bringing up Baby

Va-va-voom, vis-a-vis
I do you, you do me
I call you sugar free
I love you, you love me

Do-si-do, vis-a-vis
Hold your breath, I can breathe
Take a photo of me
We're so young, we're so free

I love Baby
Baby is a dog
What's up, maybe
Baby is a god
I've got Baby hot for rabies
Yes, no, maybe to bringing up Baby

I love Baby
Baby is a dog
What's up, maybe
Baby is a god
I've got Baby hot for rabies
Yes, no, maybe to bringing up Baby
