## Captain

## **Imperial Teen**

A boy and his guitar A borrowed coat and tie No smoking in the house Radio the bar

Oh, the possibility Of us making history And I wanna stay close

Singing in the round (Singing in the round) The taming of the crew (Taming of the crew) Not a thing to wear (Not a thing to wear) To the only game in town

Let the captain choose the teams I'm not as worried as I seem And I wanna stay close So that nobody knows And I wanna stay close So that nobody knows

Oh, the possibility Of us making history Let the captain choose the teams I'm not as worried as I seem And I wanna stay close So that nobody knows And I wanna stay close So that nobody knows And I wanna stay close So that nobody knows And I wanna stay close And I wanna stay close
