

The Beginning

Imperial Teen

Stop!

Oh-so-fortunate you
And so-pitiful me
I sent you letterbombs
And you sent 'em back to me
What I thought was a hen
Turned out to be chicken
You're fuckin' movie stars?
Well, I'm fuckin' congressmen

I'm feelin' mostly sick
I'm sleepin' mostly days
I underpay my tricks
Just to overcompensate
My nose, it starts to run
My ears, they start to bleed
To you, my sweet girlfriend
The beginning is the end
Beginning is the end
Beginning is the end
Beginning is the end
The beginning is the end

Beginning is the end
Beginning is the end
Beginning is the end
The beginning is the end
Beginning is the end
Beginning is the end
Beginning is the end
The beginning is the end
Beginning is the end
Beginning is the end
Beginning is the end
The beginning is the end
Beginning is the end
Beginning is the end
Beginning is the end
The beginning is the end
Beginning is the end
Beginning is the end
Beginning is the end
The beginning is the end
Beginning is the end
Beginning is the end
Beginning is the end
The beginning is the end
Beginning is the end
Beginning is the end
Beginning is the end (Stop!)
