

Put a gun to my head, pull the trigger  
Hell, I don't care  
Doesn't really seem like much to pay for what I am  
Demonic violation  
Infernal spawn  
Never to decrease my will to live, we're made of soil

I shall last descend  
I am not alone  
For I am meant to crave forever  
And I am blessed with heaven's pain  
I'm your slave  
I won't defy the bringer of death  
You give me pain I cannot end  
Tie a rope around my neck, hang me high  
Hell, I don't care  
Doesn't really seem like much to pay for what I am  
Seductive misery reborn  
Infernal spawn  
Never to decrease my will to live  
We're made of soil

I shall last descend  
I am not alone  
For I am meant to crave forever  
And I am blessed with heaven's pain  
I'm your slave  
I won't defy the bringer of death  
You give me pain I cannot end

I shall last descend  
I am not alone  
For I am meant to crave forever  
And I am blessed with heaven's pain  
I'm your slave  
I won't defy the bringer of death  
You give me pain I cannot end

My death wish shrine  
My eyes so blind  
When will it end?
