

First Of All

IMx

Uhhh, I mean
I was trying to make things work us
You know
Trying to be a good man
Trying to be by your side

First of all (I called you day after day)
First of all (I wrote you letter after letter)
First of all (please understand I tried)
You kept trippin
Now there's someone else

Never wanted this be
Just thought I let you know
That I'm letting you go (letting you go)
I was down on bending knee
Said you didn't want me know mo
I tried everything that I could
To change your thoughts bout me (if only you could see)
That I'm the best man for you
You figured out to late
Now I got to escape
And I'm telling you

First of all (I called you day after day)
First of all (I wrote you letters after letter)
First of all (please understand I tried)
You kept trippin
Now there's someone else
(2x)

I think its time you finally see (see)
All I ever wanted was it to be you and me
All I gave you didn't receive
Maybe that's you couldn't handle me
Then I finally met someone else
A women who indeed completes me
Now you try to come back now
But your just a few seconds late
Cause now I got to escape

First of all (I called you day after day)
First of all (I wrote you letters after letter)
First of all (please understand I tried)
You kept trippin
Now there's someone else
(2x)

Now what
Wanna holla at me now
Hell naw
I mean I wish it could of work
But it didn't
Listen up

First of all (I called you day after day)
First of all (I wrote you letters after letter)

First of all (please understand I tried)
You kept trippin
Now there's someone else
