I ain't lookin' at your girlfriend  
But she's peepin' me  
She saw me good lovin'  
I broke her

I-C-E was on my neck  
You started to suspect  
Your girl was thinking damn  
Who could I be

The situation's clear to me {I know}  
That your baby girl is feelin' me {For sure}  
And you wanna pick a bone with me {But what the}  
You need to check your girl and leave me be

Now you wanna put the blame on me {I see}  
But it's you that got to deal with this {Now what}  
Instead of tryin' to pick a fight with me {But what  
the}  
You need to check your girl and leave me be

Excuse me, I don't know the reason  
Why you're hatin' me (Why you're hatin' me)  
You must be doin' somethin' wrong  
'Cause she got her eyes on me

And for your information  
I don't even know her name (Know her name, her name)  
You need to stop and check yourself  
Don't hate the playa, hate the game

You asking all these questions  
That's in you

Call yourself hurting me, me
