

I asked myself  
How can I  
Hurt someone that's by my side  
Knowing how you would take me back  
Beautiful girl from way off track  
But leaving me blue  
Has made me grow  
I played myself I told you so  
Its so hard for me to let you go  
I page you now and let you know

Some days I wish I was your pillow  
And I know exactly how you feel  
Every night you cry it rains on me (on your mind is where I want to be)  
Some days I wish I was your pillow  
And I know exactly how you feel  
Every night you cry it rains on me (on your mind is where I want to be)

I know you deserve much better than me  
With a little more time I'm sure I'll be  
Ready for your responsibility  
Me doing it now would just kiddin me  
Now I'm the first to say that I'm wrong  
Would of straighten up had I known  
That rains days be so long in my heart was my only hope

Some days I wish I was your pillow  
And I know exactly how you feel  
Every night you cry it rains on me (on your mind is where I want to be)  
Some days I wish I was your pillow  
And I know exactly how you feel  
Every night you cry it rains on me on your mind is where I want to be)
