

# The Solitary Life

In Fear and Faith

Watch me don't follow me  
I'm failing my family  
Becoming a tragedy  
You can't stop this by any means  
I won't give an apology  
So watch me build tolerance  
I don't need any deliverance

As I recall it was unbearable  
It's all in my head  
We've already lost a significant amount of time  
You know I couldn't fake this if I tried  
I realize that the single life is not the average alibi  
We've all been ready for the lonely life

This is tearing me apart  
Maybe it's not for me maybe someone else should be  
Tearing themselves apart  
Then again maybe I'm right where I'm supposed to be...

They always say that the only way  
Is to promise yourself to stay  
There's so many of you that come to watch me die  
They always say that we have to be  
What they're waiting for  
But you're letting it all go by

We've already lost a significant amount of time  
You know I couldn't fake this if I tried  
I realize that the single life is not the average alibi  
We've all been ready for the lonely life

Watch me don't follow me  
Our lives have been running out  
And we're fine with where we're heading now.
