

## Alias

## In Flames

The serpent knows  
When the curtain falls  
With denials blindfold  
It greets another day

Don't believe the mask  
It attempts to really lie  
The perfect ten  
When reality caves in

Don't tell me, tell my ghost  
'Cause I blame him  
For all I don't want to know  
I found secrets about lies under told

Life's wrapped in a riddle  
Easier said than done  
Wait to play the victim  
Just run and hide

Don't believe the mask  
It attempts to really lie  
The perfect ten  
Where reality caves in

Don't tell me, tell my ghost  
'Cause I blame him  
For all I don't want to know  
Well, I found secrets about life under told  
Let them take me far away

Call back in place  
It's easier to cope behind the curtain  
Wipe the worries away  
No thought about a consequence

Don't believe the mask  
It attempts to really lie  
The perfect ten  
When reality caves in

Don't tell me, tell my ghost  
'Cause I blame him  
For all I don't want to know  
Well, I found secrets about life under told  
Let them take me far away
