

## All for Me

In Flames

Until the world seizes to move!  
A burning feeling, let me call - "this is real!"

I wish one more thing! I flinch my hands, and bang my head!

Take whatever comes to you,  
all the while - i don't need another friend.

I better not do the things i do for you.  
Forever the night that is long for me now.

I'm sure that i may. - i can get you... All that you lost.

I'm never told. "bad i stay, so sick in me." i'm dying alone.

We stand to fight for nothing! Without a thought of reason!  
We will never be okay!

I better not do the things i do for you.  
Forever the night that is long for me now.

I'm sure that i may. - i can get you... All lost.

A growing pain, it is hard to say what brought the darkest burden.  
For some of us, there is no answer.

Chains are breaking, i regret this built up inside of me.  
There's a storm - coming.

I will serve no more, 'til my heavy last breath!

I better not do the things i do for you.  
Forever the night that is long for me now.

I'm sure that i may. - i can get you... All that you lost.
