

## Gyroscope

In Flames

Geology is digging through my brain  
A manta engulfing the world  
To throw it up once again  
To a guild of lifted daggers

Neo-wolf, but older again  
Than the Lupus itself  
Linked its fur to the Gyroscope of time  
A collection of failures

A diabolical sequence of stabs  
Written in cutting stone  
From the fossilized den of thieves  
Our lives die

Neo-wolf, but older again  
Than the Lupus itself  
Linked its fur to the Gyroscope of time  
A collection of failures

I see the nursing all mother  
Spitting out a trail of termites  
In the mouth of her first born hope  
With smog-filled rebellion

Apathy dressed in violence  
White, insectoid legs  
Curse her lips and her mouth receptive  
Only to pain

Neo-wolf, but older again  
Than the Lupus itself  
Linked its fur to the Gyroscope of time  
A collection of failures
