

## Sleepless Again

In Flames

Hopeless times approach  
Just give into the chaos  
Strangely I find comfort here  
Impatient and curious of what may come

...And so the rampage begins  
Against the headache I can't win

Drain Me  
Keep me in the dark  
I don't want to take part  
Prefer to be forever numb

Nothing great can come out of this  
But I'm hostage to myself  
I fear I might collapse on the razor's edge  
And I fear I'll realize when it's too late

...And so the rampage begins  
Against the headache I can't win

Drain Me  
Keep me in the dark  
I don't want to take part  
Prefer to be forever numb

Sleepless again

I need to ease my mind  
And kill what burns inside

Sleepless again

I can't win

Drain Me  
Keep me in the dark  
I don't want to take part  
Prefer to be forever numb
