

## The Truth

## In Flames

We are, we are, we are  
We are, we are, we are

The time has come to bring you down  
Take the power back I'll show you how  
I hear the sound of a plane passing by  
Someone had the same thoughts as I  
But as I get to the end of mine  
You deny and think everything is fine

We are, we are, we are  
We are the truth that hurts the most cause  
We are, we are, we are  
It hurts when your denial's exposed  
It hurts when your denial's exposed

Why can't we see eye to eye?  
Think of all the things we leave behind  
I hear the sound of a car driving by  
You can go on for miles  
But you will run out, this is not your day  
Are you just gonna turn around and walk away?

We are, we are, we are  
We are the truth that hurts the most cause  
We are, we are, we are  
It hurts when your denial's exposed  
It hurts when your denial's exposed

But as I get to the end of mine  
You deny and think everything is fine

We are, we are, we are  
We are the truth that hurts the most cause  
We are, we are, we are  
It hurts when your denial's exposed  
We are, we are, we are  
It hurts when your denial's exposed  
It hurts when your denial's exposed
