

## In Heaven

In Grey

Your suffering is over  
Sleep in silence until we meet again  
It came softly as a friend  
Touched your hand and led you home

I cry for you - In Heaven  
I long for you - In Heaven  
I fall - In Heaven  
I'm leaving you - In Heaven

So tired, alone I walk  
My love falls with my tears  
She comes for me, in a dress made of longing  
She holds me, as I need her

I cry for you - In Heaven  
I long for you - In Heaven  
I fall - In Heaven  
I'm leaving you - In Heaven

My eyes open, I look around  
But I am alone  
Until I meet her again  
In Heaven...
