

## Sudorific

In Strict Confidence

Deliver hate  
Deliver pain  
I become insane  
Me, my mind and brain

Look at me  
Look at me  
He offered violence to me  
Offered violence to me  
I sweat, I bleed  
Is this what we need

The nightmare of your anger kills  
My dreams, destroys my hopes

Is this what we need  
Is this what we hate  
Fearing, praying  
Feeling and slaying

Breakdown  
To deadlock  
What can you see?  
No extenuation  
To set me free

Look at me  
Look at me  
He offered violence to me  
Offered violence to me  
I sweat, I bleed  
Is this what we need

Is this what we need  
Is this what we hate  
Fearing, praying  
Feeling and slaying
