

Walking Shadows

In Strict Confidence

These shadows
They've been there all the years
Following all my steps
Watching all my fears

My shadows
Cover the night
Keep the sun
Out of light

Walking shadows
They are leading me
Dividing bright from dark
Walking shadows - let us see

Walking shadows
They are hiding me
Dividing rain from sun
Walking shadows - set me free

I am waiting for sleep to come
Closing eye and ear
Can't see them in the dark
But I know they are near

My shadows
Cover the night
Keep the sun
Out of light

Walking shadows
They are leading me
Dividing bright from dark
Walking shadows - let us see

Walking shadows
They are hiding me
Dividing rain from sun
Walking shadows - set me free
