

## Dude, Chicks Are For Fags

In The Eyes Of a Mistress

Right Now  
This is what we're living for  
Here is your chance  
Take off your pants  
Climb into bed with me  
Or take that chance  
And fucking dance  
Until your soul's set free  
Do you think  
That you are free  
When you wake up  
And go to school  
Or go to work  
Or get fucked up  
The only freedom that we have  
Is the freedom to choose it for ourselves  
Do we live like this  
Do we die like this
