

# Black Wedding

In This Moment

Priest are you there? Can you hear my voice?  
Will you hear my breath? I hear you out there  
Forgive me priest for I have sinned (I don't know what I do)  
Mother I am here, I can hear your song,  
I can feel your fear, it's that you on your own?  
Temptation fed, he's our only string in the ring of fire

Tonight  
I would've love you for a thousand years  
I would've die for you  
I would've sacrifice it all my dear  
I would've bled for you  
Till death do us part  
Your woman hold you right from the start  
It's a nice night for a black wedding  
Yeah it's a nice night for a black wedding

I heard your crying and I just knew, I never meant to forsake you  
Mother there's no reason to regret (I don't know what you do)  
I heard the bells and I just knew an angel wants now ghost of you  
The river meander for my only string on my ring of fire

Tonight  
I would've love you for a thousand years  
I would've die for you  
I would've sacrifice it all my dear  
I would've bled for you  
Till death do us part  
Your woman hold you right from the start  
It's a nice night for a black wedding  
Yeah it's a nice night for a black wedding  
Nice night for a black wedding  
I would've love you for a thousand years  
I would've die for you  
I would've sacrifice it all my dear  
I would've bled for you  
Till death do us part  
Your woman hold you right from the start  
It's a nice night for a black wedding  
Yeah it's a nice night for a black wedding  
Nice night for a black wedding  
In my name  
So they cast out demons  
They shall speak in new tongues  
They shall take up serpents  
If they drink any deadly poison  
It shall in no wise hurt them  
They shall lay hands on the sick and they shall recover  
The serpent is only brought into the holy sink  
And only handled  
Of the holy ghost  
Of the holy spirit  
Speak directly to  
The Cibole
