

Bloody Creature Poster Girl

In This Moment

Some girls like diamonds
Some of them fancy things
They hunger for the taste of glamor
And we rot and find some others rings
Cause sweet hearts need their princes
Flattery and filthy pearls

Barbie don't mess with the Marilyn kiss
Your original material girl

But I'm not like those other things
Baby, I'm your bloody creature poster girl

Make you crawl, make you beg, make you bleed
Bloody creature poster girl
Make you want, make you hurt, make you plead
Bloody creature poster girl
So toxic, psychotic, chaotic
Bloody creature poster girl
I'll make you love, I'll make you cry
I'll make you need deadly little slasher
Fuck the fathers sweetheart
Bloody creature poster girl

Baby you could keep your diamonds
You can burn all your fancy things
I hunger for the taste of the painful weak
That can survive my wicked sting

Darling I don't need no princes
I'm no damsel in distress
The only thing I'm needing is for you to be bleeding
From my homicidal kiss

See I'm not like those other girls, baby
I'm your bloody creature poster girl
Make you crawl, make you beg make you bleed
Bloody creature poster girl
Make you want, make you hurt, make you plead
Bloody creature poster girl
So toxic, psychotic, chaotic
Bloody creature poster girl
I'll make you love, I'll make you cry
I'll make you need deadly little slasher
Fuck the fathers sweetheart
Bloody creature poster girl

Your dirty girl
Your bloody slasher girl
Your selfish sweetheart girl
Your bloody creature poster girl

Bloody creature poster girl
Bloody creature poster girl
Bloody creature poster girl, bloody creature poster girl

Make you crawl, make you beg make you bleed

Bloody creature poster girl
Make you want, make you hurt, make you plead
Bloody creature poster girl
So toxic, psychotic, chaotic
Bloody creature poster girl
I'll make you love, I'll make you cry
I'll make you need deadly little slasher
Fuck the fathers sweetheart
Bloody creature poster girl

Your dirty girl
Your bloody slasher girl
Your selfish sweetheart girl
Your bloody creature poster girl
