

Have No Fear

In This Moment

It's haunting This hole that you have over me I grow so weak

I see you And everything around you fades And I can't see

You can never know what it is you do to me

I can't take what you do to me I can't take it (2x)

No matter what I say or what I do I know how this will end So I
turn it away now before we begin

And now matter what you say or what you do I know how this will
end So I'm turning away now

I'm dangerous for you (2x)

You touch me And I can barely make a move And I can't breathe

You never know what it is you do to me

I can't take what you do to me I can't take it (2x)

No matter what I say or what I do I know how this will end So I
'm turning away now before we begin

And no matter what you say or what you do I know how this will
end So I'm turning away now

I'm dangerous

The only promise I could make Is that my promise is a lie The o
nly promise I could make you Is that my promise is a lie

No matter what I say or what I do I know how this will end So I
'm turning away now before we begin

And no matter what you say or what you do I know how this will
end So I'm turning away now

I'm dangerous for you (6x)

I'm dangerous, I'm dangerous for you

My promise is I will hurt you (4x)
