

Into the Darkness

In This Moment

(You repulse me)
I am beautiful
(I hate you)
I love you
(How can you even love yourself?)
I am worthy
(You disgust me)
I am pure
(I'm letting you go now)
Please don't go
(You'll burn in hell)
I will float to mortality
(There is no God)
God is inside of me
(No wonder your father left you)
You should have protected me
(Just take your clothes off)
I will not.
(You're a whore)
I forgive you
