Mechanical Love

In This Moment

I remember you that night Standing in the rain Your black stare Your black eyes I remember what you said Before I turned away My heart died Your sweetest lies

And if I saw you bleed I'd stay here till the end But you can't change for me

And I, know you'll never understand me No matter how hard we try And I, know I'll never understand you And your mechanical love

I still hear you in my sleep Your running through my veins Your whispers, your machine We knew it was meant to be But never meant to last I'm sorry, you always knew

And if I saw you bleed I'd stay here till the end But you can't change for me

And I, know you'll never understand me No matter how hard we try And I, know I'll never understand you And your mechanical love
