## **Natural Born Sinner**

In This Moment

"So when they continued asking him He lifted up himself, and said unto them, 'He that is without sin among you, let him first cast a stone at her.'"

Listen closely, to what I'm about to say I think I've heard just about enough of your hypocritic ways Don't try and stop me now Don't you make a sound You've built yourself up oh so high just to tear me down

I'm so tired of you telling me How to live and what I should not be And I'm so tired of you telling me What to do and what I don't believe And after all that you're telling me Why is there hate and only you can see And I'm so sick of you telling me That I will burn, I will not be free

This is my song My red crusade What will I say? What will I do? Maybe it's fear that leads your rage Maybe you're me and I am you

So go ahead and point your finger Tell me who to love is it him or her? When will you see this is who I am? S-I-N-N-E-R Natural Born Sinner

I'm not gonna change So stay out of my way I don't need you to understand That I'm already saved Maybe you should stop question all your pain Can you look me in my eyes and say we're not the same?

Did you really think by pushing me I would become what you want me to be? And did you really think by hating me I'd open up, I'd just hand you the key? I know you're scared and don't understand This is my life, this is who I am What I do know is come Judgement Day Before the Lord can you say the same?
