

# Roots

## In This Moment

I thank you for all the lives you've led  
I thank you for every word you said  
I thank you for walking away

I thank you

I thank you for the promises you broke  
For always watching, watching while I choke  
I thank you for teaching me

Yes, I thank you for your hurting

I bite down a little harder  
My blades a little sharper  
My roots, my roots  
Run deep into the hollow

Strike back a little harder  
I scream a little louder  
My roots, my roots  
Run deep into the hollow

I'm stronger than I ever knew  
I'm strong because of you

I hit back a little louder  
Fuck you a little harder  
My roots, my roots  
Run deep into the hollow

I thank you for the hole you dug in me  
Filled it with cement, sunk me in your sea  
Thank you for being so obscene

I thank you

I thank you for never facing me  
Swimming in the mud, never coming clean  
I thank you for nothing in between

Yes, I thank you for leaving

I bite down a little harder  
My blades a little sharper  
My roots, my roots  
Run deep into the hollow

Strike back a little harder  
I scream a little louder  
My roots, my roots  
Run deep into the hollow

I'm stronger than I ever knew  
I'm strong because of you

I hit back a little louder  
Fuck you a little harder

My roots, my roots  
Run deep into the hollow

You wanna know why I like the pain, you say?  
There's some sick part of me thankful for the hate, I..  
I stay positive and I.. I push forward, ya see?  
I.. I gotta do the right thing for my family!  
So I smile and I say that the world is just fine, as these fucking parasites  
eat up my spine,  
So I ask you once, and I ask you again:  
Where do your roots start..  
And where do your roots end?

I bite down a little harder  
My blades a little sharper  
My roots, my roots  
Run deep into the hollow

Strike back a little harder  
I scream a little louder  
My roots, my roots  
Run deep into the hollow

I'm stronger than I ever knew  
I'm strong because of you

I hit back a little louder  
Fuck you a little harder  
My roots, my roots  
Run deep into the hollow

My roots, my roots  
Run deep into the hollow  
My roots, my roots  
Run deep into the hollow

I'm stronger than I ever knew  
I'm strong because of you

I hit back a little louder  
Fuck you a little harder  
My roots, my roots  
Run deep into the hollow  
My roots, my roots  
Run deep into the hollow

My roots, my roots  
Run deep into the hollow

My roots, my roots..
