

The Promise

In This Moment

It's haunting
This hold that you have over me
I grow so weak

I see you
And everything around you fades
And I can't speak

But you can never know what it is you do to me

I can't take what you're doing to me
I cant take it (2x)

No matter what I say or what I do
I know how this will end
So I'm turning away now before we begin

And now matter what you say or what you do
I know how this will end
So I'm turning away now

I'm dangerous for you (2x)

You touch me
And I can barely make a move
And I can't breathe

You can never know what it is you do to me

I can't take what you're doing to me

I can't take it (2x)

No matter what I say or what I do
I know how this will end
So I'm turning away now before we begin

And no matter what you say or what you do
I know how this will end
So I'm turning away now

I'm dangerous

The only promise I can make you
Is that my promises are lies
The only promise I could make you
Is that my promises are lies

No matter what I say or what I do
I know how this will end
So I'm turning away now before we begin

And no matter what you say or what you do
I know how this will end
So I'm turning away now

I'm dangerous for you (6x)

I'm dangerous, I'm dangerous for you

My promise is I will hurt you (4x)
