

## Haruspex

### Incantation

Nails impacted, the chains are retracted  
A moment of agony in lue of power  
every nerve will twitch in pain  
till your unable to feel you're insane

Liquid glames gnash thier searing teeth  
shearing the tissue from your form  
joints rupture and ligaments breach  
the fleshy confines of humanity  
weak!!!

Hair incinerated, eyes liquidated  
teeth crushed by powder  
under this strain, when all life cower

The mind succumbes to oblivion!

A charred and hollow silhouette  
as the entrails fall loosely from your body  
shrouded ones approach this  
cadaverous art  
sitting through your remains to  
foresee after you depart
