

A Shade Of Blue

Incognito

A lifetime waiting for the light to shine
Suddenly you were here, like an angel appeared
And the world that I knew changed into a wonderland
Then you called out my name, Looked around and I found You were
gone
Like the rays of the sun, disappeared into never ending nights

Chorus:

Where everything real has turned to stone
And the songbird has flown (you're gone)
Now I know a rose can change a shade of blue
Ooh yeah, yeah, yeah, yeah, yeah
A shade of blue

My body's hurting, crying and yearning
Sometimes I feel like I'm losing my mind
And I think about you, knowing only you could understand
Here alone in my room, I can feel all the walls closing in
Feeling trapped in a shell, wishing that I could spin the wheels
of change
