

## Castles In The Air

Incognito

Castles in the air  
Dreamers everywhere  
Building castles in the air  
Like dreamers everywhere

If you asked me as a child  
If I knew what I would be  
Today  
I would give you a reply  
Convinced of my destiny  
True to this day

Music, music my first love  
Music I love  
You're all, all, all, All that I dream of  
Labour of my love

If you want to know how it feels  
Look into the eyes of a child  
At play  
I make no excuse for my life  
'Cause I believe, I believe, I believe  
To dream is the way
