

## Don't Be A Fool

Incognito

(J.P. Maunick / M. Edwards)  
Don't be a fool to yourself  
You can't put the blame on no one else  
She gave you all that she had  
And there's nothing more  
Oh no, there's nothing left to give  
Don't be a fool to yourself  
You can't put the blame on no one else  
You're losing the best thing in your life  
You're watching her go  
Don't you know you're watching her go  
So if you think it's like the last time  
And that she'll come back once more  
Chorus:  
You're only fooling yourself  
Only fooling yourself  
You're only fooling yourself  
Only fooling yourself  
Now take a look at yourself  
What's left of the man that she once knew?  
She thinks that he's been gone so long  
She thinks he's not coming back  
Never coming back  
There's no one to blame but yourself  
You took all the love that she could give  
Never gave much in return  
She's hurt and you're through  
Oh, she's got nothing left to give you  
So if you think it's like the last time  
And that she'll come back once more  
Chorus
