

# Let's Fall In Love Again

Incognito

Don't know what you want me to do  
but I don't want to fight about it baby  
Even though I know our loves true  
We kind of lost the feeling maybe  
It's not your fault or mine, we keep wasting our time both reprimandi  
ng  
and demanding  
It hurts me I won't lie  
can't we give one more try  
what we need is a little understanding  
Don't turn around baby don't you doubt  
Don't walk away cause we can work it out  
Baby we've been here before  
Even closer to that door.  
Baby kiss me let's fall in love again  
Come closer now cause i don't want to fight  
I can think of better ways that we can spend the night  
Baby we've been here before  
Even closer to that door  
Baby kiss me let's fall in love again  
Hey girl come tell me everything  
You feel inside  
There's no wrong and no right when we fight just our pride  
Baby kiss me let's fall in love again  
I'm no angel neither are you  
Girl, l we've both got history yeah  
Gotta stop rehashing the past and talk about what future we see yeah  
Yeah sometimes we'll disagree  
That's just the way life can be  
But it doesn't mean that we can't live together happily.  
Wanna spend my life with you  
Yes I will if you want to  
Baby please listen cause the words I say are true  
Don't walk away cause we can work it out  
Baby we've been here before  
Even closer to that door.  
Baby kiss me let's fall in love again  
Come closer now cause I don't want to fight  
I can think of better ways that we can spend the night  
Baby we've been here before  
Even closer to that door  
Baby kiss me let's fall in love again  
Hey girl come tell me everything  
You feel inside  
There's no wrong and no right when we fight just our pride  
Baby kiss me let's fall in love again  
So just kiss me, let's fall in love again.  
Why don't we do it all again baby  
yeah yeah...
