

Make Room For Love

Incognito

Move over clouds, let the sun shine through
I can't handle this gray that has lately come my way, oh no
The way you are, easy come easy go
You want the best of both worlds, and I'm caught up in the middle with you
Love, love, love. Oh love / Love, love, love. Oh love
Make room for love / Room love,
Make room for love / Room love,
Half a love won't do for me
I'd rather you abandoned me
Cos you and me Can't truly be
Set me free or say this love will be
Exclusively for you and me
Goodbye my dream, what more can I do
Won't be treated this way It's a cruel game to play,
We've come so far, yes it hurts to let go
Can't have the best of both worlds, You've got to choose whose heart you're taking with you
When your eyes are closed and you take a chance you never know what'cha gonna get
A handful of diamonds or a handful of worthless stones
If you really want to know what true love's all about
Then open your eyes and let me show you the way
Let me show you the way
What'cha thinkin'?
When you're playin'
When you play the games you do
Are you truly
Believin'
That I could play this game with you
Half a love won't do for me
I'd rather you abandoned me
