

(Oh)
(Get up face the power)
(Oh, hey)

It's early in the morning
The light outside is blinding
You don't want to know
You're so tired of complainin'
'Cause your nine to five ain't workin'
While your dreams just seem to grow and grow

Nothing's clear
It's so confusin'
Intuition's left you
There's no one left to turn to
Until you hear a voice within your heart
Telling you which way to go (Don't you know)

You have got to learn to please your mind
Positively (Oh)
Tryin' to find a way to spend your time
In positivity

Spend the days here waiting
And all your nights in wishin'
Seasons come and go
As you sleep the tide is risin'
One by one your dreams are drownin'
While you stare and watch the waters flow

Nothing's clear
It's so confusin'
Intuition's left you
There's no one left to turn to
Until you hear a voice within your heart
Telling you which way to go (Don't you know)

You have got to learn to please your mind
Positively (Oh)
Tryin' to find a way to spend your time
In positivity

Don't spend your days
Watching the way
(Face the power)
(Got to please your mind)

You have got to learn to please your mind
Positively (Oh)
Tryin' to find a way to spend your time
In positivity

You have got to learn to please your mind
Positively (Oh)
Tryin' to find a way to spend your time
In positivity
