

# Dance Like You're Dumb

Incubus

Ohhhh

Nobody gets whatcha got without gettin all hot  
With the boss' daughter  
Taking her out on the town, dizzy up, spin her round  
Makin out with her dress turned upside down  
Have a drink! Whatcha think? She's all heels and kink  
Betcha thought you'd landed  
Then like a pink Boba Fett, she calls you on your bet  
And your hat is the least of... what you're handed

Dance!

Because

You're young

And you don't need a reason

Dance!

Just like

You got

Your legs from a cartoon

Dance!

Just like

You're dumb

Like you don't need the money

Dance!

Under

The moon

Cause you never know, never know

You were kissed with a fist, now you're tied at the wrist  
To the boss-man's daughter  
You thought singing her praises would get you a raise  
Now you're just like a horse being led to the water  
Is fine, come on in! Takin one on the chin  
Is a price worth payin  
For a glimpse, just a look. Let's have one off the books!  
She's a pink Boba Fett  
And that's all I'm sayin

Dance!

Because

You're young

And you don't need a reason

Dance!

Just like

You got

Your legs from a cartoon

Dance!

Just like

You're dumb

Like you don't need the money

Dance!

Under

The moon

Cause you never never never know

(Never know, never know)

(Never know, never know)

Like you don't need a reason  
Yeah, you don't need the money  
Yeah, you don't need a reason  
Yeah, you don't need the money  
Like you don't need a reason  
Like you don't need the money  
Like you don't need a reason  
Like you don't need a money

Just when you thought you were done, catch ya breath  
Too much fun, now the red lights flashin  
She kept a rainbow of pills, she was up on her thrills  
Both her brains and her body liked  
A good bashin  
Of course, they're not mine! Officer, I'm not tryin to put it all on her  
Put it on who? City boy, take a look, it's just you  
Now I'm just like a lamb headed to the slaughter

Dance!  
Because  
You're young  
And you don't need a reason  
Dance!  
Just like  
You got  
Your legs from a cartoon  
Dance!  
Just like  
You're dumb  
Like you don't need the money  
Dance!  
Under  
The moon  
Cause you never never never know  
Yeah, you never never never know  
Dance!
