

# Suspension Of Disbelief

Indecision

Authority is based on nothing but intimidation  
They live to instill fear to compensate for the courage that they lack  
Their power is an illusion kept alive by those it abuses  
And by those who sit back and watch while others suffer the subjugation  
So I won't break and I won't bend  
No compromises - I'm not giving them another inch  
I won't break and I won't bend  
Their power is a fucking lie  
It's false power - their power is nothing but a lie  
Acknowledging the power structure is the first step towards allowing it to dominate you  
By living inside the system's confines you allow yourself to be controlled and supervised  
Constantly under their surveillance isn't it time you recognized what it means to live above and outside their laws  
By obeying your very own moral code?  
Hasn't too much time been wasted staying right where society placed you?  
Aren't our lives far too short to waste even one more minute standing in line? Yes!  
When no one fears them  
No one respects them  
No one runs from them  
Watch them as they disappear  
Their power is a lie
