

The L

Index Case

Keep lying subject changing
Kept and cleaned in fear
That laying down an answer
Might affect your clear
Complection neglecting what's
Inside your tear I know

More reasons to take
The sleeping voices you hear
Just to stay awake
More reasons to me
The sleeping voices you hear
Just to stay awake

We have approached to many
For the tub to drain
The cleansing portraits of
The names you take in vein
So pour the remaining
Pillows of restraint I know

More reasons to take
The sleeping voices you hear
Just to stay awake
More reasons to me
The sleeping voices you hear
Just to stay awake

Reasons awake
You're here to blame
Our veins to full
Voices to drain

More reasons to take
The sleeping voices you hear
Just to stay awake
More reasons to me
The sleeping voices you hear
Just to stay awake
