

## The L

## Index Case

Keep lying subject changing  
Kept and cleaned in fear  
That laying down an answer  
Might affect your clear  
Completion neglecting what's  
Inside your tear I know

More reasons to take  
The sleeping voices you hear  
Just to stay awake  
More reasons to me  
The sleeping voices you hear  
Just to stay awake

We have approached to many  
For the tub to drain  
The cleansing portraits of  
The names you take in vein  
So pour the remaining  
Pillows of restraint I know

More reasons to take  
The sleeping voices you hear  
Just to stay awake  
More reasons to me  
The sleeping voices you hear  
Just to stay awake

Reasons awake  
You're here to blame  
Our veins to full  
Voices to drain

More reasons to take  
The sleeping voices you hear  
Just to stay awake  
More reasons to me  
The sleeping voices you hear  
Just to stay awake
