

Why Dreams Bleed

Index Case

Run to wash the sink
Remember the time let go
Persuasive hands to clean
You're holding lies I know
Run to wash the sink
Remember the signs let go
Persuasive hands to clean
All this is mine I know

Why are you dying on me
Time is fire wrist are dreams
Why are you dying on me
Dreams of fire now we're clean

Run your fingernail
Wash your conscience
Before you sleep

Raw begins to leak
Remember the time let go
Soon you'll have time to sleep
Remember the signs I know
Silenced you're holding lies
You're silenced all this is mine

Why are you dying on me
Time is fire wrist are dreams
Why are you dying on me
Dreams of fire now we're clean

Run your fingernail
Wash your conscience
Before you sleep
