

Cocoa Butter

India.Arie

Your love is like cocoa butter on my heart
Your touch is like cocoa butter on my heart
Your kiss is like cocoa butter on my heart
Oh, boy, you are like cocoa butter on my heart

My heart was bruised, that's what happens when you use it
Ready for someone that turned it all black and blew it
Been that way for so long the sight became familiar
And then your love came in just like a natural healer

You've got a way of making it all ok
You make it ok

Your love is like cocoa butter on my heart
Your touch is like cocoa butter on my heart
Your kiss is like cocoa butter on my heart
Oh, boy, you are like cocoa butter on my heart

I show you my burns, you show me lessons learned
I show you my scars, you show me works of art
I show you a blemish, you show me that God's not finished
With every imperfection you showed me your blessing

You've got a way of making it all ok
You make it ok

Cocoa butter on my heart
Your love is like cocoa butter on my heart
Your kiss is like cocoa butter on my heart
Oh, boy, you are like cocoa butter on my heart

You rub it in, I know you missing more,
You rub it in with your wisdom
Oh, rub it in with a kind word
When you rub it in your love because
Your love is like cocoa butter on my heart

Cocoa butter on my heart
Cocoa butter on my heart
Cocoa butter on my heart
Cocoa butter on my heart

Won't you put some cocoa butter on my heart
Down the sea, they ain't got
Down at the store they ain't got
I looked and I can't find
Oh baby, only you got it
Said baby, only you got it
Ain't never felt nothing like this

Cocoa butter on my heart
Cocoa butter on my heart
Cocoa butter on my heart
Cocoa butter on my heart
