

## Bitterroot

Indigo Girls

Tonight I'll be sleeping on the mountain top  
I got a billion stars for my witness  
In the morning I'll go down and the sun comes up  
And I'll take a drink from the bitter root river

Have you been lonely  
(yes I've been lonely)  
I've been lonely too

Have you been lonely  
(yes I've been lonely)  
I've been lonely too

Tonight I'll be sleeping on the mountain top  
I got a billion stars for my witness  
In the morning I'll go down and the sun comes up  
I'll take a drink from the bitter root river

Have you been traveling  
(yes I've been traveling)  
I've been traveling too

(that girl can play)

Have you been traveling  
(yes I've been traveling)  
I've been traveling too

(lordy help me to play)

Tonight I'll be sleeping on the mountain top  
I got a billion stars for my witness  
In the morning I'll go down and the sun comes up  
I'll take a drink from the bitter root river  
I'll take a drink from the bitter root river  
I'll take a drink from the bitter root river
